

How we will use our money in 2021

We have been richly blessed and we use the Kingdom resources entrusted us to bless God, bless each other, and bless the world

Worship is our expression of love and gratitude to God – worshipping together as a community brings us closer to each other and to The Lord.

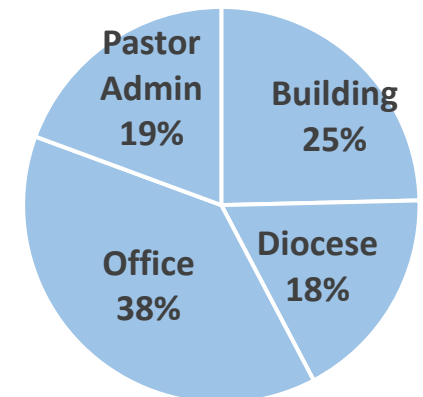

Ministry is the work of tending to the physical, emotional, and spiritual needs of our members as we build a community of seekers and disciples.

Mission is the opportunity God gives us to bring his love and hope to the world, whether across the street or across the globe.

Administration and care of our building allow us to worship God, deliver ministries, and promote mission to spread God's love.

The 2021 Stewardship Challenge
